STATEMENT OF OBJECTS AND REASONS

The Antiquities (Export Control) Act, 1947 was intended to provide for control of the export of valuable objects of antiquarian or historical interest. Experience of the working of the Act has shown that it is necessary to amend the Act in certain respects.

2. Under the Act, the power to grant licences for export of antiquities is vested in the Central Government and the Director General of Archaeology is authorised to decide whether an article intended for export is an antiquity or not for the purposes of the Act. In the circumstances, all applications for export of antiquities have to be referred to the Director General of Archaeology. This creates difficulties for the intending exporters and the customs authorities, besides consuming a great deal of time. It is, therefore, proposed to constitute Licensing Committees, at such places as it may be deemed necessary, for the purpose of determining whether an article is an antiquity or not and also for granting licences for the export of antiquities. It is also proposed to provide for an appellate authority to hear appeals from the orders of such Licensing Committees.

3. It is necessary to preserve in the country copies, replicas or other reproductions of important antiquities allowed to be exported. It is proposed to make suitable provisions for this purpose.

4. A Committee on archival legislation set up by the Ministry of Education recommended that it would be desirable to bring expressly within the purview of the Act records and documents, etc. It is now proposed to bring records and documents of historical, literary or aesthetic value which have been in existence for not less than seventy-five years within the purview of the Act.

5. The Bill seeks to achieve the above objects.

NEW DELHI;

FINANCIAL MEMORANDUM

Proposed section 3A (*vide* clause 3) provides for the constitution of Antiquities Licensing Committees at such places as the Central Government may deem necessary. Proposed section 3B (*vide* clause 3) provides for the constitution of Appellate Board for the purpose of hearing appeals from the orders of Licensing Committees. Ordinarily, the existing Government officers will be appointed as members of the said Committees and the said Board. However, the possibility of non-officials being appointed thereto cannot be ruled out. Thus, some expenditure may be involved from the Consolidated Fund of India. While it is not possible to give any exact indication of such expenditure at this stage, it is considered that such expenditure may come to about Rs. 25,000 per annum.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 7 of the Bill amends section 7 of the Act to empower the Central Government to make rules in relation to certain additional matters. The additional matters relate *inter alia* to the number and term of office of the members of Antiquities Licensing Committees and of the Antiquities Appellate Board, the procedure to be followed by, the manner of filling casual vacancies among, the salaries and allowances payable to such members and the manner in which inquiries may be made in respect of applications for grant of licences and in respect of appeals preferred from orders of Licensing Committees. These matters pertain to procedure, form or detail and, as such, the delegation of legislative power is of a normal character.
